

OFFLINE DIGITAL SKILLS CERTIFICATION

Certiport now delivers the Microsoft® Office Specialist and Certiport Internet and Computing Core Certification (IC³®) exams offline

Do I Need Offline Testing Capabilities?

Select customers may only qualify to use offline mode by receiving an Internet bandwidth score between 0 kbps and 20 kbps. Correctional facilities with no Internet connectivity qualify for the offline mode kit. Bandwidth scores can be tabulated by accessing the following URL: www.certiport.com/support.

Industry-recognized Certification Programs You Can Use

Certiport is the only company that provides digital literacy (IC³) and desktop productivity (Microsoft Office Specialist) certification programs within a non-Internet technology and devices format. Specifically, Certiport offers its exam administration engine, Certiport iQsystem™ 6.0.5, loaded onto Flash Drives and geared for offline use.

With this new functionality in iQsystem, your facility can deliver certification exams ***without requiring access to the Internet.***

How Can I Begin Administering Offline Exams?

To obtain the new iQsystem 6.0.5 release with Offline Mode functionality:

- 1. Contact your Certiport Representative to purchase an Offline Mode Kit
- 2. Certiport will mail out the Offline Mode Kit to your correctional facility
 - a. The kit will include iQsystem 6.0.5 and the Flash drive to run the exams, and
 - instructions on how to offer the exams offline.

After updating to the 6.05 release of iQsystem and receiving the Offline Mode Kit, you will be ready to follow the Offline Mode instructions to deliver certification exams in Offline Mode.

Please contact Certiport for more information about how you can offer the Microsoft Office Specialist and Certiport IC³ exams offline with the new Offline Mode Kit: **1-888-999-9830**.
